

VEHICLE CARE *Solutions*

CCC CARBURETOR AND CHOKE CLEANER

- Quick cleaning action dissolves soils in seconds
- On-spot application to save time
- Leaves no residue that will attract dirt build-up

CARE FOR WORK ENVIRONMENTS®

CCC

CARBURETOR AND CHOKE CLEANER

RENEWS ENGINE PERFORMANCE

CCC's powerful formula of cleaners and solvents cleans gums, varnish and dirt from carburetors, linkages, manifold heat controls, chokes and choke valve shafts.

EFFORTLESS

Quick dissolving action cleans surfaces in seconds. On-the-spot application saves costly time-consuming removal, dismantling, soaking, re-assembly and re-installation. Dirt and residue is cleaned away without unnecessary effort.

WON'T ATTRACT DIRT

CCC doesn't leave a residue, so it won't attract dirt build-up and harmful deposits. Dirt tends to attract more dirt. This leads to stalling, rough idling and poor engine performance. With CCC, accumulation of dirt, gum and varnish are removed without a trace.

APPLICATIONS

- Carburetors
- Choke
- Linkages
- Valves
- Automobile Chokes

DIRECTIONS FOR USE:

- Shake well before using.
- For Carburetors: Remove air filter. Liberally spray inside and outside of carburetor. Spray all linkages and manually operate until free moving.
- For Automatic Chokes: Spray on each end of the choke valve shaft. Repeatedly open and close the choke by hand to work CCC in. Next, remove choke cover, start engine, spray CCC into vacuum cylinder while engine is running. Stop engine and replace choke cover and air cleaner.
- For Manifold Heat Controls: Use only when engine is cold. Spray directly on each end of valve shafts. Repeatedly move counter weight up and down by hand to permit the penetration action of CCC to free the valve action.
- Overspray on exterior paint should be wiped up with a damp cloth.

Note: Product may remove paint. Do not allow this can to come into contact with the battery cables or terminals, electrical wiring or other electronic components. This can will conduct electricity and may cause an electrical spark resulting in serious injury from can rupture, flash fire or electrical shock.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA

APPEARANCE: clear colorless aerosol spray

ODOR: strong solvent

FLAMMABILITY: Extremely Flammable.

STABILITY: minimum one year

VOC Content: 9.9% VOC

COLD STABILITY: 0 degrees F
