

INDUSTRIAL CLEANERS *Solutions*

FORMULA 810 Aluminum Brightener

- Cleans and removes dirt, grease, oil and dull oxidized finish
- Optical brighteners provide a “like new” shine
- Great for trucks, trailer bodies, aluminum frames, building exteriors, train cars and more.

CARE FOR WORK ENVIRONMENTS®

FORMULA 810

Aluminum Brightener

CLEANS AND SHINES ALUMINUM

Removes dirt, grime, oil, grease and dull oxidized finish that occurs on most aluminum surfaces. Formula 810 is specially formulated with optical brighteners to provide a "like new" shine on aluminum. Special cleaners dissolve road grime and grease on contact.

WHERE TO USE

Ideal for trucks, trailer bodies, aluminum frames, building exteriors, train cars and more.

DIRECTIONS FOR USE

Dilute one part F-810 with ten parts of water. Spray or brush on surface to be cleaned. For best results, wet surface with clean water first and then apply solution, starting at the bottom and working up. Allows to stand up to 30 seconds. Agitate with a brush and then rinse off thoroughly using plenty of clean, cold water. For heavily oxidized surfaces that have deep pit marks, apply concentrated F-810 to the surface. Follow normal directions for brushing and rinsing. F-810 can be used in plastic fiberglass dip tanks. Do not use in a steel dip tank.

NOTE: Avoid contact with glass. May etch glass if not rinsed immediately.

DANGER

MAY BE FATAL OR CAUSE PERMANENT DAMAGE IF SWALLOWED. CAUSES SEVERE BURNS WHICH MAY NOT BE IMMEDIATELY PAINFUL OR VISIBLE. VAPOR HARMFUL. CONTAINS HYDROFLUORIC ACID AND PHOSPHORIC ACID.

Keep away from eyes and skin. Use only with rubber gloves and splashproof safety glasses. Do not wear contact lenses when working with this product. Do not taste, swallow or inhale vapor. Do not mix with any chemicals other than water. Store only in a cool place. Do not store in direct sunlight or near heat sources. Rinse empty container thoroughly before discarding. Do not reuse empty container for any purpose.

KEEP OUT OF REACH WITH CHILDREN

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA

APPEARANCE: a clear dark blue liquid

FLASH POINT: none

SHELF LIFE: minimum one year
