Urinal-Buoy®

URINAL DEODORIZER AND MAINTAINER

PRODUIT POUR DÉSODORISER ET ENTRETENIR LES URINOIRS

ELIMINATES ODORS

Urinal-Buoy is specially designed to float in urinals with constant water levels. Urinal Buoy contains detergents, deodorants and water conditioners to eliminate common odors.

MAINTAINS CLEANLINESS

Urinal-Buoy's exclusive formula breaks down urine salts and dissolves built-up mineral and hard water deposits to prevent drain clogs.

DEODORIZES AS IT CLEANS

Urinal-Buoy's fragrance deodorizes continuously. Its fomatic cleaning action is water activated with each flush, unlike parablocks, which are submerged in water.

CONVENIENT TO USE

The disposable "S" screen with its foam backing replaces the awkward hanger and old drip types of deodorizing systems. Urinal-Buoy is easily removed by lifting the entire screen from the urinal and throwing it away - no more fishing for chips of parablock deodorizers.

DIRECTIONS FOR USE:

1. Place one Urinal-Buoy in each urinal with the floatfoam side down.
2. Remove entire screen when it's depleted and throw it away. Replace with new Urinal-Buoy.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA:

APPEARANCE: blue or green solid

ODOR: Berry or Morning Fresh

FLASH POINT: none

LIFE CYCLE: 4 to 6 weeks

STABILITY: two years
