CARE FOR WORK ENVIRONMENTS®

State Concrete Sealer™

PENETRATING FORMULA

State Concrete Sealer penetrates hard surfaces to protect them from soil, rubber marks, oil, grease, and many other solvents, while preventing the dusting of concrete and other surfaces.

VERSATILE PROPERTIES

State Concrete Sealer is used to protect a variety of surfaces such as concrete, quarry tile, grout, marble, terrazzo and other masonry surfaces.

EASY AND ECONOMICAL TO APPLY

State Concrete Sealer is a ready-to-use product. There is no mixing required. Simply pour into place and apply using the proper equipment. This product is fast drying and there is no unpleasant odor.

DIRECTIONS FOR USE:

Clean and rinse application surface. The surface must be clean of soil, dirt, oil, and grease to insure a strong bond with State Concrete Sealer. Acid etching is not required for bonding. Floor must be clean and thoroughly dry. For best results, apply with a string mop or airless sprayer. Allow 45 minutes to 2 hours drying time between coats.
